President Jimmy Carter
White House
Washington, D.C. 20500

Dear President Carter,

This letter is in regard to your administration's plans to continue cuts in operational personnel at the C.I.A.

I wish to express my extreme concern and dismay over these continuing cuts. I am aware that these cuts are being effected at a time when Soviet KGB and GRU operational activities are expanding at an unprecedented rate. Accordingly, I am requesting the House Intelligence Committee conduct a review of your administration's actions in light of the aforementioned reasons. To denude our operational intelligence capability at this time would be unwise and would signal a lack of resolve on our part.

Furthermore, should this cut continue in spite of my cautioning, I will call for your administration to show its sincerity by effecting proportional cuts in other Federal agencies such as HEW, HUD, DOT, etc.

Sincerely,

Steve Symms
Member of Congress
